REALITY TOUR FACTS

- Reality Tour unites communities to reduce risk factors for youth substance abuse by re-purposing resources you already have.
- Reality Tour provides newsletters via email to remain transparent about program updates and research.
- Anyone is eligible to request a free planner on the Reality Tour website.
- Vaping prevention tool kits are for sale on Reality Tour's website.
- Reality Tour's website offers educational and informative public blog content.
- Online learning is accessible to the public covering topics of drugs, recovery and the teen brain!

WHO WE ARE

The Reality Tour® program brings parents, students, schools, local law enforcement and community volunteers Together to unite communities and educate our youth about the importance of drug prevention and avoiding use.

“MOST KIDS *DON'T* USE DRUGS, I *DON'T* USE DRUGS.”

AWARDS

Our Mission:

We modernize prevention by leveraging innovation and research to provide a replicable model for communities. We interpret today's environment to educate and empower families, ensuring proactive and effective prevention for all.

Our Vision:

To enable every community to have a prevention education program coming up on the community calendar.
